REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Trustees
The Campanile Foundation

Report on the financial statements

We have audited the accompanying financial statements of The Campanile Foundation (a California State University Auxiliary Organization and Component Unit of San Diego State University) (the "Organization"), which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Campanile Foundation as of June 30, 2020, and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other matters - Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The supplementary information as required by the California State University on pages 28 – 41 are presented for the purposes of additional analysis and are not a required part of financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other reporting required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report, dated September 9, 2020, on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS ON
INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT
AUDITING STANDARDS**

Board of Trustees
The Campanile Foundation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The Campanile Foundation (a California State University Auxiliary Organization and Component Unit of San Diego State University) (the "Organization"), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 9, 2020.

Internal control over financial reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting ("internal control") to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in the Organization's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and other matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Intended purpose

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

The Campanile Foundation
NOTES TO FINANCIAL STATEMENTS
June 30, 2020 and 2019

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

The Campanile Foundation (“TCF”) is an auxiliary organization of San Diego State University (the “University”), organized and operated in accordance with the Education Code of the State of California and the California Code of Regulations. TCF is a nonprofit corporation chartered to provide and augment programs that are an integral part of the educational mission of the University. TCF was organized in August 1999 to assist the University in the acquisition of gifts, the management of philanthropic gifts and the investment of certain endowment gifts. TCF began its operations on January 1, 2000.

Affiliated Organizations

TCF is related to other auxiliaries of the University, including Associated Students of San Diego State University (“Associated Students”), San Diego State University Research Foundation (“SDSURF”) and Aztec Shops, Ltd (collectively, the “Auxiliaries”). These Auxiliaries and the University periodically provide various services for one another.

A Summary of TCF’s significant accounting policies is as follows:

Basis of Accounting and Reporting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

TCF’s financial statements present net assets and contributions classified as with donor restrictions and without donor restrictions. These classifications are based on the existence or absence of donor-imposed restrictions related to contributions and are summarized as follows:

Without Donor Restrictions

Without donor restrictions consist of net assets that are not subject to donor-imposed stipulations.

With Donor Restrictions

With donor restrictions consist of net assets unspent that are subject to specific donor-imposed stipulations. This category includes amounts restricted by the donor in perpetuity, restricted for specified purposes, restricted by the passage of time and for amounts of underwater endowments. Also included are charitable remainder trusts (“CRT”).

As stated above, the classification of net assets is based upon the existence or absence of donor-imposed restrictions on contributions. Net assets also include funds other than contributions that have been designated for specific purposes, which are classified as without donor restrictions in the financial statements.

Contributions, including unconditional promises to give (pledges), are recognized in the year the promise is made as opposed to when assets are received. Contributions with donor-imposed restrictions are reported as contributions with donor restrictions. Net assets with donor restrictions are reclassified to without donor restrictions at such time as TCF has fulfilled the donor-imposed restriction.

Net assets with donor restrictions can also be reclassified to without donor restrictions at such time that the donors’ consent to the release of the previous donor-imposed restriction.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

**NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Pledges that are expected to be collected within one year from the date of gift are recorded at their net realizable value. Pledges that are expected to be collected in future years are discounted to their estimated net present value (see Note 6).

Cash Equivalents

TCF considers all highly liquid investments with original maturity dates of three months or less to be cash equivalents. Cash and cash equivalents have a zero balance as of June 30, 2020 and 2019. SDSURF handles cash management on behalf of TCF.

Investments

Investments are reported at fair value, with gains and losses included in the statements of activities. Short-term investments consist primarily of investment interest receivable.

The beneficial interest in trust investments is reported at the fair value of the underlying portfolio of investments within each trust, which primarily consist of mutual funds invested in equities, fixed income and real estate instruments.

Other Receivables, Net

Other receivables, net consist largely of funds made available to the University to be used for student loans. The University periodically assesses the loans for collectability. TCF has not experienced any significant losses on these loans and therefore has not recorded an allowance against these balances. The remaining balance is primarily the accrual of contributions that were dated prior to but received after year-end.

Liabilities under Deferred Gift Agreements

TCF serves as trustee and administrator for various types of trust arrangements, including split-interest agreements, whereby the beneficial interest is shared with one or more parties. The arrangements generally require payment of annual trust income to the income beneficiary or beneficiaries over the term of the trust, with the remainderman portion of the assets reverting to TCF. The liability under deferred gift agreements on the statements of financial position represents the present value of the estimated future payments to be distributed to these beneficiaries over the life expectancies of the beneficiaries, as derived using actuarial tables. TCF uses the approved Internal Revenue Service ("IRS") rate specific to each trust to discount the estimated future payments to be distributed to the beneficiaries.

During the year ended June 30, 2015, TCF was granted its Certificate of Authority by the California Department of Insurance to hold Charitable Gift Annuity ("CGA") assets. The CGA asset value totaled \$1,379,242 and \$1,474,919 for the years ended June 30, 2020 and 2019, respectively.

Changes in the liability under deferred gift agreements are included in contributions in the accompanying statements of activities and totaled \$(388,608) and \$1,758,333 for the years ended June 30, 2020 and 2019, respectively.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Functional Allocation of Expenses

The costs of providing various programs, fundraising, and other activities have been summarized in the statements of activities. Fundraising costs incurred that benefit the different programs across the University are gathered and combined with the central fundraising costs to determine the total fundraising expense.

TCF's primary program service is fundraising, student scholarships, and San Diego State University campus support. These expenses include salaries and benefits, operating expenses, scholarship awards and transfers to University and other Auxiliaries on campus.

2020						
	Campus Programs	Campus Programs Administered by the University	Student Scholarships	Fundraising	General Administration	Total

Income Taxes

TCF follows the guidance that clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This guidance provides that the tax effects from an uncertain tax position can only be recognized in the financial statements if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged.

TCF is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code, though it is subject to tax on income unrelated to its exempt purpose unless that income is otherwise excluded by the Code. TCF has also been recognized by the California Franchise Tax Board as an organization that is exempt from California franchise and income taxes under Section 23701(d) of the California Revenue and Taxation Code. TCF has processes presently in place to ensure the maintenance of its tax-exempt status; to identify and report unrelated income; to determine its filing and tax obligations in jurisdictions for which it has nexus; to identify and evaluate other matters that may be considered tax positions. TCF has determined that there are no material uncertain tax positions that require recognition or disclosure in the financial statements.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

**NOTE 1 - NATURE OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. Significant estimates include the discount rates on pledges receivable, the note receivable and unitrust liabilities, the life expectancy of annuitants of unitrusts, the collectability of pledges receivables and the fair values of alternative investments in hedge funds. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the prior periods presented have been reclassified to conform to the current period's financial statement presentation. These reclassifications have no effect on previously reported net income.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The guidance specifically clarifies how investments valued using the net asset value ("NAV") practical expedient within the fair value hierarchy should be classified. The ASU was issued in order to address diversity in practice. The amended standard's key position exempts investments measured using the NAV practical expedient from categorization within the fair value hierarchy and related disclosures. This new guidance was adopted in the current fiscal year. There was no impact on the leveling tables in Note 5.

During 2019, TCF adopted ASU No. 2016-14 - Not-for-Profit Entities (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*. This guidance is intended to improve the net asset classification requirements and the information presented in the financial statements and notes about a not-for-profit entity's liquidity, financial performance, and cash flows. Main provisions of this guidance include a presentation of two classes of net assets versus the previously required three; recognition of capital gifts for construction as a net asset without donor restriction when the associated long-lived asset is placed in service; and recognition of underwater endowment funds as a reduction in net assets with donor restrictions.

The guidance also enhances disclosures for board-designated amounts, the composition of net assets without donor restrictions, liquidity and expenses by both their natural and functional classification.

A recap of the net asset reclassifications driven by the adoption of ASU 2016-14 as of June 30, 2019, follows. ASU 2016-14 requires an underwater donor-restricted endowment fund to include any accumulated losses with that fund in net assets with donor restrictions. During the year ended June 30, 2019, \$90,111 of underwater endowments was transferred from net assets without donor restrictions to net assets with donor restrictions.

The Campanile Foundation

Significant Events

On March 11, 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The world-wide spread of COVID-19 has adversely affected, and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak, the values of investment securities have declined significantly and partially recovered. Management is closely monitoring the financial implications that may impact TCF, especially when it comes to the investment balances.

NOTE 2 - OPERATING AGREEMENT

TCF has an operating agreement with SDSURF to receive certain administrative services, including cash management processes, gift account administration, and accounting and financial reporting assistance. SDSURF receives an administrative fee when TCF funds are expended and at year-end, an additional administrative fee is assessed to TCF Operations to meet the agreed-upon annual fee. The due from affiliate asset represents the status of that relationship as of June 30, 2020, and 2019 in terms of balances held by SDSURF that are being managed on behalf of TCF. In April 2018, the agreement was slightly revised and renewed for five years through June 30, 2023. A clause was added that either party can terminate the agreement with six months' written notice.

The balance of due from/(to) affiliate as of June 30, 2020 represents \$4,244,099 held for campus programs, \$9,618,308 for student aid and \$3,002,798 for endowments.

The balance of due from/(to) affiliate as of June 30, 2019 represents \$(2,574,150) held for campus programs, \$10,323,661 for student aid and \$722,795 for endowments.

During the years ended June 30, 2020 and 2019 TCF transferred \$6,767,913 and \$7,654,257, respectively, from its net assets to the University for scholarships.

As of June 30, 2020, and 2019, scholarship funds held by TCF are committed to students for the following school year. However, qualifying events have not occurred to release the funds to the University for disbursement to the recipients.

NOTE 3 - RESTRICTIONS ON NET ASSETS

With Donor Restrictions

Net assets with donor restrictions as of June 30 are available for the following purposes and periods:

	2020	2019
Student aid	\$ 116,733,559	\$ 108,011,711
Campus programs	259,873,628	224,857,860
Annuity life income trusts for campus programs and student aid	16,808,329	16,306,796
	\$ 393,415,516	\$ 349,176,367

Included in the Campus Programs balances are nonexpendable endowment funds. As of June 30, 2020, the balance of funds to be held in perpetuity was \$214,758,718 and as of June 30, 2019, \$197,335,493.

Net assets released from restrictions were released by the incurrence of expenses satisfying the restricted purpose or by the occurrence of events specified by the donors.

	2020	2019
Released from restrictions:		
Use or time restricted	\$ (27,098,662)	\$ (28,790,814)
Student aid	(3,744,234)	(3,277,714)
	\$ (30,842,896)	\$ (32,068,528)

TCF's pooled endowment portfolio consists of over 84 individual donor-restricted funds established for a variety of purposes. As required by US GAAP, net assets associated with endowment funds, including funds designated by the Board of Trustees (the "Board") to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

TCF's Board has interpreted the California Uniform Prudent Management of Institutional Funds Act ("UPMIFA") as requiring the Board's goal, using prudent investment techniques, to be the preservation of the fair value of the original endowed gifts, absent explicit donor stipulations to the contrary.

In accordance with UPMIFA, an organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the organization
- The investment policies of the organization

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 3 - RESTRICTIONS ON NET ASSETS - Continued

TCF's Board classified CRTs as net assets with donor restrictions. A CRT is an arrangement in which a donor establishes and funds a trust with specified distributions to be made to a designed beneficiary or beneficiaries over the trust's term. Upon termination of the trust, TCF receives the assets remaining in the trust. TCF recognizes the contributions in the period in which the trust is established. In subsequent periods, adjustments to net assets with donor restrictions are made to reflect changes in the fair value, payments to beneficiaries and changes in actuarial assumptions during the term of the trust.

TCF's Board also classified as net assets with donor restrictions the original value of gifts donated to a permanent endowment fund and the original value of subsequent gifts to the permanent endowment. The remaining portion of the donor-restricted endowment fund is also classified as net assets with donor restrictions until such time as appropriated for expenditure.

Endowment investments are made according to the Investment Policy Statement adopted by TCF's Board of Trustees. These guidelines provide for investments in various asset classes, with performance measured against appropriate indices. TCF has contracted with an investment firm to act as its Outsourced Chief Investment Officer ("OCIO").

This investment policy and strategy is to emphasize total return – that is, the aggregate return from capital appreciation and dividend and interest income – in an attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Within this framework, specific investment objectives for endowment investments include liquidity, preservation of capital, preservation of purchasing power, and long-term growth of capital.

The investment policy establishes an achievable return objective through diversification of asset classes. The current long-term return objective is to produce, after investment expenses, a minimum annual compound total rate of return of 4% in excess of the rate of inflation. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate-of-return objectives, TCF relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). TCF targets a diversified asset allocation that places a greater emphasis on equity-based investment to achieve its long-term return objectives with prudent risk parameters.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 3 - RESTRICTIONS ON NET ASSETS - Continued

Target asset allocation:

The asset allocation of TCF shall be reviewed at least quarterly by the Finance and Investment Committee to ensure that the target allocation is in compliance with the following guidelines:

Asset Class	Target Allocation	Minimum	Maximum
Growth Assets			
Global Equity	40%	30%	50%
Private Equity	10%	0%	15%
Credit			
High Yield Bonds	3%	0%	6%
Bank Loans	3%	0%	6%
Emerging Markets Debt	2%	0%	4%
Inflation Hedges			
Natural Resources	3%	0%	6%
Real Estate	7%	0%	10%
TIPS	4%	0%	8%
Risk Mitigation			
Core Fixed Income	23%	15%	35%
Hedge Funds	5%	0%	10%
Cash	0%	0%	10%

The assets mix policy and acceptable minimum and maximum ranges established by the Finance and Investment Committee, and approved by the Board, represent a long-term view. Rapid and significant market movements may cause the fund's actual asset mix to fall outside the policy range. Any such divergence should be of a short-term structure.

Endowment distributions are performed in accordance with TCF's Board Policy on Investments. For the fiscal years ended June 30, 2020, and 2019, the Board's adopted distribution rate was 4% of the endowment principal market value using a three-year moving average. However, in both fiscal years, in the event that the market value of a true endowment's share of the pooled endowment portfolio falls below the original value of the gift, distributions are limited to certain reserves created from "reinvesting" dividend and interest income.

Amounts distributed from endowments per the Board's policy are classified as with donor restrictions for a specific purpose on the statements of financial position. Purpose restrictions generally include student aid, faculty and program excellence.

June 30, 2020 and 2019

NOTE 3 - RESTRICTIONS ON NET ASSETS - Continued

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires TCF to retain as a fund of perpetual duration. In accordance with US GAAP, 21 deficiencies of this nature exist in donor-restricted endowment, with an original gift value of \$11,992,184, a current fair value of \$9,048,524, and a deficiency of \$2,943,660, as of June 30, 2020. As of June 30, 2019, there was 1 deficiency of \$7,805, from an original gift value of \$23,308 and a current fair value of \$15,503. The deficiencies resulted from unfavorable market returns.

NOTE 4 - INVESTMENTS

TCF has investments that include mutual funds and external investment funds and is therefore subject to concentrations of credit risk. Investments are selected by the investment firm that TCF has contracted to act as its OCIO. Selections must abide by TCF's Investment Policy Statement (IPS) and are reviewed at least quarterly by TCF's Finance and Investment Committee.

The investments of TCF are exposed to interest rate and market risk. Economic conditions can impact these risks and resulting market value can be either positively or adversely affected. If the level of risk increases in the near term, it is possible that the investment balances and the amounts reported in the financial statements could be materially affected by market fluctuations. Although the market value of investments is subject to fluctuations on a year-to-year basis, management believes the investment policy is prudent for the long-term welfare of TCF and its beneficiaries.

As of June 30, total investments consisted of the following:

	<u>2020</u>	<u>2019</u>
<u>Growth Assets</u>		
Global Equity	\$ 132,945,414	\$ 118,695,425

	<u>\$ 373,558,596</u>	<u>\$ 353,333,853</u>

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 4 - INVESTMENTS - Continued

Deferred gifts are invested primarily in fixed income and low-risk equities with the long-term investment portfolio designed to minimize risk and maintain the ability to meet the payment obligations to the beneficiaries as determined in the gift agreements.

Effective July 1, 2007, TCF agreed to be the endowment pool manager for SDSURF. As of June 30, 2020 and 2019, SDSURF had (at fair value) \$24,478,043 and \$23,613,206, respectively, in the endowment pool. That amount is included in the long-term investments of TCF and the related liability is shown as due to SDSURF in the liabilities of TCF as stated on the statements of financial position.

NOTE 5 - FAIR VALUE MEASUREMENTS

Short-term investment amounts, due from an affiliate, accrued liabilities and accounts payable approximate fair value due to the immediate short-term maturity of these financial instruments. Other receivables benefits at their net realizable value. The carrying amount of long-term pledges receivable and the note receivable are discounted to their estimated net present value, which approximates fair value. Investments are presented in the financial statements at fair value in accordance with US GAAP. Investments in securities traded on a national securities exchange, or reported on the NASDAQ national market, are stated at the last reported sales price on the day of valuation; other securities traded in the over-the-counter market and listed securities for which no sales were reported on that date are stated at the last quoted bid price. Investments that consist of funds that utilize a variety of absolute return strategies are reported at the fair value of the shares owned in each fund.

Investments in commingled funds are valued at fair value based on the applicable percentage ownership of the underlying partnerships' net assets as of the measurement date, as determined by the general partner. In determining fair value, the general partner utilizes valuations provided by the underlying investment partnerships. The underlying investment partnership values securities and other financial instruments on a fair value basis of accounting. The estimated fair values of certain investments of the underlying investments partnerships, which may include private placements and other securities for which prices are not readily available, are determined by the general partner or sponsor of the respective investment partnership and may not reflect amounts that could be realized upon immediate sale, nor amounts that ultimately may be realized. Accordingly, the estimated fair values may differ significantly from the values that would have been used had a ready market existed for these investments. The fair value of the partnership's investments in investment partnerships generally represents the amounts the partnership would expect to receive if it were to liquidate its investment in the investment partnerships, excluding any redemption charges that may apply.

Due to SDSURF is carried at the fair value of the related investments included in the pooled endowment funds.

The FASB's authoritative guidance on fair value measurements establishes a framework for measuring fair value and expands disclosure about fair value measurements. This guidance enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determinate fair values. Under this guidance, assets and liabilities carried at fair value must be classified and disclosed in one of the following three categories:

- Level 1 - Observable inputs such as quoted market prices in active markets. Classifications currently include cash and investments in funds that are priced daily and trade over an active exchange such as the New York Stock Exchange;

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 5 - FAIR VALUE MEASUREMENTS - Continued

Level 2 - Inputs other than the quoted prices in active markets, which are observable either directly or indirectly; and

Level 3 - Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions. Classifications currently include commingled funds that do not have daily pricing on an active exchange but where a substantial portion of a fund's fair value could be determined based on quoted market prices of underlying investments held by the fund and the estimated fair value of certain investments of the underlying investment partnership, which may include private placements and other securities for which prices are not readily available, and are determined by the general partner or sponsor of the respective other investment partnership and may not reflect amounts that could be realized upon immediate sale, nor amounts that ultimately may be realized.

Investments measured using a NAV per share, or its equivalent, are not classified in the fair value hierarchy above because they may or may not be redeemed at the NAV or because redemption at NAV is uncertain due to lock-up periods or other investments restrictions.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 5 - FAIR VALUE MEASUREMENTS - Continued

The fair value of the beneficial interest in trusts has been determined based on the fair value of the assets discounted using the single and joint and survivor life expectancies from the 2012 Individual Annuity Reserve Table (2012 IAR Table) for the 2020 valuation year.

The fair value of the liabilities due to SDSURF has been determined based on SDSURF's share of the market value of the investments in the endowment pool.

The following table reflects a reconciliation of TCF's beginning and ending Level 3 investments:

	<u>2020</u>	<u>2019</u>
Beginning balance	\$ 37,177,091	\$ 33,584,368
Investment Income	314,905	383,061
Realized and unrealized gains	6,748,255	3,209,662
Realized and unrealized losses	-	-
Additions	-	-
Withdrawals	<u>(1,639,000)</u>	<u>-</u>
Ending balance	<u>\$ 42,601,251</u>	<u>\$ 37,177,091</u>

The following table reflects a reconciliation of TCF's beginning and ending Level 3 liability to SDSURF:

	<u>2020</u>	<u>2019</u>
Beginning balance	\$ 23,613,206	\$ 21,317,210
Realized and unrealized gains	3,177,632	2,110,335
Realized and unrealized losses	(1,968,148)	(1,215,016)
Additions	(344,647)	1,400,677
Withdrawals	<u>-</u>	<u>-</u>
Ending balance	<u>\$ 24,478,043</u>	<u>\$ 23,613,206</u>

The following table reflects a reconciliation of the beginning and ending investment balances for TCF's total investments:

	<u>2020</u>	<u>2019</u>
Beginning balance	\$ 353,333,853	\$ 337,907,626
Total realized and unrealized gains, net, included in change in net assets	16,854,336	10,870,236
Net additions, purchases, sales and maturities	<u>3,370,407</u>	<u>4,555,991</u>
Ending balance	<u>\$ 373,558,596</u>	<u>\$ 353,333,853</u>

NOTE 5 - FAIR VALUE MEASUREMENTS - Continued

The following tables set forth additional disclosures of TCF's investments whose fair value is estimated using NAV per share (or its equivalent) as of June 30, 2020:

	Fair Value	Number of Funds	Unfunded Commitment	Redemption Frequency	Redemption Notice Period ^(h)
Global Equity ^(a)	\$ 22,580,278	2	\$ -	Daily / Monthly	NA / T-30
Bank Loans ^(b)	\$ 2,981,017	1	\$ -	Monthly	T-90
Natural Resources ^(c)	\$ 8,131,678	1	\$ -	Daily	NA
Real Estate ^(d)	\$ 15,330,553	1	\$ -	Quarterly	T-60
Core Fixed Income ^(e)	\$ -	0	\$ -	Daily	NA
Hedge Funds ^(f)	\$ 23,946,526	5	\$ -	Daily / Quarterly	NA / T-90
Treasury Inflation-Protected Securities ^(g)	\$ 8,336,304	1	\$ -	Daily	NA

(a) Investment in a commingled fund that invests in publicly traded companies.

(b) Investment in a Collective Investment Trust ("CIT") that invests in bank loans.

(c) Investment in a CIT that invests in natural resources and commodities.

(d) Investment in a commingled fund that invests in real estate, which represents long-term investments.

(e) Investment in a CIT that invests in core fixed income.

(f) Investment in a limited partnership that can invest in but is not limited to equities, fixed income, options, interest rates, commodities, currencies, etc.

(g) Investment in a Treasury Protected Security is a Treasury bond that is indexed to inflation.

(h) Redemption Notice Period is a minimum notice time-frame investors may be required to give advance notice before any redemption. Redemption notice periods range from 30 days to one year, although the most common periods notice periods are 30, 60 and 90 days, T-30, T-60, and T-90, respectively. Some funds do not impose a minimum redemption notice period.

NOTE 6 - PLEDGES RECEIVABLE

Contributions are recorded as revenue and as a pledge receivable when a donor makes an unconditional promise to give. Unconditional contributions expected to be received at the time of gift in more than a year's time are recorded at their expected net present values using discount rates commensurate within the risks involved. The rates used to discount pledges outstanding at June 30, 2020, and 2019 ranged from 1.25% to 3.20%. Pledges receivable are assessed periodically for collectability. The allowance for uncollectable pledges receivables was \$1,184,524 and \$366,858 as of June 30, 2020, and 2019, respectively.

Contributions pledged are expected to be collected as follows as of June 30:

	2020	2019
Amounts due in:		
Less than one year	\$ 6,859,256	\$ 5,943,233
One to five years	17,614,271	10,540,452
More than five years	9,020,000	10,000
Less discount to present value	(2,132,073)	(947,070)
Less Allowance for Uncollectable Pledges	(1,184,524)	(366,858)
	<u>\$ 30,176,930</u>	<u>\$ 15,179,757</u>

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 7 - NOTE RECEIVABLE

The note receivable originated during 2008 from a single donor in the amount of approximately \$8.6 million, which consisted of the assignment of six promissory notes held by the donor and which were assigned to TCF in fulfillment of the donor's pledge. The original terms of the note were that it accrued interest at 4.35% per annum and matured in 2034. During 2014, a new note agreement was reached with the donor to alter terms to accrue interest at 2.40% per annum and to mature in 2036. The current note agreement requires annual payments of principal and interest of approximately \$376,000, with a final payment of remaining principal and interest in 2036.

Principal payments due in the years ending June 30:

2021	\$	260,705
2022		266,962
2023		273,369
2024		279,930
2025		286,649
Thereafter		<u>3,445,346</u>
Total principal due	\$	<u>4,812,961</u>

NOTE 8 - AMOUNTS HELD ON BEHALF OF OTHERS

TCF administers service scholarship funds for the University where the recipient of the scholarship is pre-determined by the donor when the funds are donated to TCF. In accordance with US GAAP, these funds are held as a liability on the statements of financial position, as TCF has no variance power.

The Campanile Foundation

NOTES TO FINANCIAL STATEMENTS - CONTINUED

June 30, 2020 and 2019

NOTE 9 - LIQUIDITY

The following chart represents TCF's financial assets available to meet cash needs for general expenditure within one year as of June 30, 2020 and 2019. Amounts not available include amounts set aside for long-term investing in the endowment that is unavailable for expenditure, beneficial interest in trusts, and noncurrent portions of notes receivable and pledge receivables. Financial assets are considered unavailable if not liquid or convertible within one year.

TCF commitments to campus programs and student scholarships are dependent on available resources. For example, as mentioned in Note 3, TCF has established an annual spending rate of 4.0% of endowment principal based upon a rolling 3-year average market value. In the event that the market value of a true endowment's share of the pooled endowment portfolio falls below the original value of the gift, distributions are limited to certain reserves created from "reinvesting" dividends and interest income.

	2020	2019
Cash equivalents	\$ -	\$ -
Short-term investments	11,626,980	2,821,319
